INDIVISIBLE ARIZONA

Hello incredible advocates!

The future is bright in Arizona because of people like you who are dedicating their efforts to change our state for the better by fighting for fully funded schools for ALL Arizona children, and for so many other issues that will help our state for many generations to come.

Co-founding and directing Save Our Schools Arizona has been my life's greatest honor. Part of this is due to the magnitude of the fight – having the opportunity to defend the future of public schools (and therefore our democracy) in our state is no small order, but the power that we the people have to achieve change is forever humbling.

The other reason is YOU – the incredible people who volunteer to knock doors, call voters, collect signatures, meet with and contact lawmakers, register voters, use the Request to Speak System, and so much more. I want to thank you for giving so very much of your time and of yourself. I know the sacrifices we've all made, and I know how much more we will all put in over the next year and a half. I see you, and I am so grateful.

Change is hard. It doesn't come easy, it doesn't come without a fight, and the amount of fight we have to put in is downright frustrating. "It shouldn't be this hard!" we often say to ourselves. But we are fighting special interests with unlimited dollars, and we are fighting dark forces that aim to dismantle our public schools and erode our democracy. Some day, we'll all look back and realize what we stopped. And history will thank you.

So, from the bottom of my heart, I want to thank you for your endurance and hope. For keeping up the fight and doing it with joy so that others follow. I hope you will bring what you learn today back to your community, back to your network, and help build a larger army. We've got this, because we've got you.

Hi,

I'm Tricia Sauer, the Indivisible Senior Managing Organizer for Arizona. I am thrilled that you have decided to attend today!

Today you'll hear from a lot of speakers, learn a lot of things but most importantly, you will meet each other. I challenge each of you to say "Hi - what issue brought you here today? Healthcare? Water? Education?" to at least 4 different people as you move from space to space. Make conversation, and exchange phone numbers and ideas.

Why? Because today we build our power - your power. Today we learn that even two people can make a big difference in their community and volunteer together to protect the communities they care about.

It truly only takes 2 people to start an Indivisible group. To start a voter registration drive. To start a protest. Just two people. Can you find your action buddy today? I think so. I also know that once you start and set that example, you will find your people. And they will find you.

We have over 30+ Indivisible groups across the state, who at one time or another, were started by just two people. They knew that progress could be made by being bold, being strategic, and by seizing opportunities. Today we have boldness, strategy, and lots of opportunities. Let me help you start an Indivisible group and see how even 2 people can make a difference in your community.

Welcome to the Rural Action Summit!

Tricia Sauer

PS. Feeling too shy to say "Hi"? Say "Tricia said I should say "Hi!" and laugh together at my hokey request.
