

ADLCC

In 2015, Governor Katie Hobbs and then-House Minority Leader Dr. Eric Meyer founded the Arizona Democratic Legislative Campaign Committee with one mission; elect enough Democrats to flip the state legislature.

*Since then, we have broken the Republican supermajority in our state. Now in both chambers, we are just shy of a tie. With a **Democratic Governor** heading into the 2023-2024 cycle, we are poised to take the majority in both chambers.*

AZ House of Representatives
29 Democrats, 31 Republicans

AZ Senate
14 Democrats, 16 Republicans

WHAT WE DO

*The ADLCC recruits Democratic legislative candidates in every corner of the state and equips them with the training they will need on their **path to victory**. Alongside candidates, we ensure that the Democratic infrastructure, staff, and volunteers have the tools and resources they need to support their candidate.*
